# What Makes Sunflex Squash Courts Stand Out?

## TESTED AND CERTIFIED PRODUCTS

Featuring premium Maple wood flooring in a free-floating system, our squash courts are designed to deliver superior shock absorption, consistent ball bounce, and optimal player comfort — reducing injury risks and enhancing performance. We offer turnkey squash court solutions, including WSF-approved wall finishes, high-quality flooring, and glass back walls, everything built to meet international standards for professional, institutional, and recreational play.

## PREMIUM GLASS BACK WALL SYSTEMS

Our CLEARTOUGH Glass Back Wall System features 12mm tempered safety glass, designed for impact resistance and player safety. Its modular, freestanding four-panel setup ensures flexibility and seamless installation.

# OFFERINGS

At Sunflex, we provide a range of squash court systems tailored to diverse architectural layouts, performance needs, and client preferences. Whether for competitive play, training environments, or recreational spaces, each court is designed with precision, using certified materials and best-in-class technology.

1. **THE WOOD FLOORING SYSTEM**
2. **HARD PLASTER FOR THE WALLS**
3. **GLASS BACK WALL COURTS**
4. **FOUR-SIDED GLASS COURT SYSTEM**

## The Wood Flooring System

Our maple wood sports floor system features high-resilience, shock-absorbent wooden flooring. It ensures consistent ball response and enhanced player comfort for high-performance play

## OFFERINGS

## Glass Back Wall System

Our signature Glass Back Wall System combines safety, aesthetics, and ease of installation. This four-panel system includes a full-height glass door and support fins.

## THE WOOD FLOORING SYSTEM

- Free-floating construction with tongue-and-groove design
- Excellent vertical deflection and force reduction
- Concealed screwing and non-skid polyurethane lacquer finish
- Designed to reduce player fatigue and injury risk
- WSF-compliant for international-standard gameplay

## HARD PLASTER FOR THE WALLS

- Superior rebound characteristics and surface hardness
- Applied directly over brick walls, reducing civil work costs
- Available in white or pastel shades to match brand aesthetics

## FOUR- SIDED GLASS COURT

- Transparent walls on all four sides
- Constructed from extra-tough 12mm tempered glass with structural fins
- Elegant, modern design ideal for premium environments
- Excellent ball visibility and bounce uniformity
- Spectator-friendly layout, perfect for events and exhibitions

## GLASS BACK WALL SYSTEM

- Made with 12mm tempered safety glass
- White vertical court markings as per WSF norms
- Designed to crumble into safe, dull fragments if broken
- Freestanding system for flexibility in layout and access

# CUSTOMIZATION OPTIONS

## **Court Branding**

Add logos, colors, or custom lines to reflect your brand or institution.

## **Lighting Integration**

Optional LED-friendly designs for indoor and showcase courts.

## **Color Variants**

Choose from classic white, off-white, or pastel shades for walls.

More than Two Decades of Squash Court Excellence.  
And We're Just Getting Started.
